

TT Rock Stars allows our children to practise quick recall of multiplication and division facts in a fun and engaging manner. They are able to set challenges for teachers and their school friends, play in tournaments with other children from schools all over the country and improve their own recall speed to gain a rock star status.

Each child from Year 2 to Year 6 has access to this website/app using their own personal username and password. If not using the app, the link below takes you straight to the Times Tables Rock Stars website where the children can log in and have access.
